RE: Southwest Pipeline Project (SWPP) Trench Settlement and Reclamation

It has come to our attention excessive settlement is occurring along SWPP pipeline installation. We urge caution when approaching any pipeline trenches. Please be careful in these areas.

Southwest Water Authority (SWA) and the Project owner are aware of these issues and working with the contractor to address them. Due to the size of this project area, reclamation will take some time.

Please call the SWA office at 1-701-225-0241 or 1-888-425-0241 if you have any reclamation questions or concerns. You may also email swa@swwater.com. If you have tenants, please notify them as soon as possible.

Sincerely,

A handwritten signature in blue ink that reads "Misti Conzemius".
