

Our Vision: People and Business Succeeding with Quality Water **Our Mission:** Quality Water for Southwest North Dakota

To our Customers and Communities,

Beginning Tuesday, March 17 our lobby will be closed to non-employees until further notice. Our focus is on the health and safety of our employees, customers, partners, communities and all those we serve.

We realize the impact a closure can have on our customers. If you would like to make an appointment, please contact us by phone, (701) 225-0241. We have several options for payments:

- By mail – 4665 2nd Street SW, Dickinson, ND 58601
- Drop-off – There is a drop-box located right outside our office, under the Southwest Water Authority sign, as well as two locations in Dickinson. One at Family Fare West and Family Fare Downtown.
- Online – Please visit our website at www.swwater.com

Please be assured Southwest Water Authority is taking steps to ensure customers continue to have access to safe, clean and award-winning tap water during the novel coronavirus (COVID-19) outbreak that has spread across the world and is now a rising public health concern.

If you have any questions or need help with online payments, please do not hesitate to contact us!

Telephone: (701) 225-0241 or toll-free at 1-888-425-0241
